**Safety and Violence  
Prevention Online  
Training**

The Safety and Violence Prevention Curriculum is one of many collaborative efforts Ohio is spearheading to help remove barriers to learning and to keep children safe.

**This training meets the  
requirement for  
Ohio Revised Code 3319.073**

**Produced in partnership with  
North Point ESC and the Ohio  
ESC eLearning Collaborative**

## Safety and Violence Prevention Online Training

The Ohio Department of Education (ODE) and the Ohio Department of Mental Health worked with Justice Evelyn Stratton of the Ohio Supreme Court in conceptualizing the Safety and Violence Prevention Curriculum training. The Ohio Suicide Prevention Foundation and the Interprofessional Commission of Ohio played instrumental roles in writing the curriculum and in soliciting input from more than 30 state and local agencies, universities, schools and associations.

**The online training** meets new requirements of state law stipulating that all kindergarten through grade six school professionals take four hours of training in child abuse recognition; violence and substance abuse prevention; and positive youth development by **March 30, 2009**, and every five years thereafter (Ohio Revised Code Section 3319.073).

### **House Bill 1, Jarod's Law and School Safety**

Extends to public middle and high schools a requirement that under existing law applies to public elementary schools under which specified employees must complete four hours of in-service training in the prevention of child abuse, violence, and substance abuse, and the promotion of positive youth development.

## This replaces the Child Abuse Prevention Training.

### **The training has four modules:**

Module 1: Mental and Behavioral Health  
Issues in Students

Module 2: Depression and Suicide

Module 3: Alcohol and Drug  
Abuse and Addiction

Module 4: Violence Against Children
