

USING DATA to LEAD and INSPIRE

"Things get done only if the data we gather can inform and inspire those in a position to make a difference."

— Mike Schmoker, Results

Description: This session will provide district leaders exciting ways to use state assessment data in a way that will lead, inspire and make a difference for students and teachers. The possibilities are endless when value added, growth measures and projection data are used to make key decisions, support the work of educators, focus resources and positively impact teaching and learning.
