

Annual Arts Integration Conference

Made possible by grant funds from the Ohio Arts Council

About this workshop...

Due to a partnership between North Point ESC, Bellevue City Schools, Norwalk City Schools and grant funding provided by the Ohio Arts Council, we are excited to be able to offer the First Annual Regional Arts Integration Conference.

This year's event will offer sessions on how to build community through the arts, ways to bring the arts back into the classroom with strategies for arts integration in language arts, mathematics, science, and social studies instruction, and much more!

It is open to all K-12 fine arts and content area educators who are eager to enhance the integration of the arts in their classroom. It is encouraged that a fine arts teacher and a content teacher from the same school or district attend together. (This is not required to register.)

Each participant will receive two books, 5.5 contact hours, and time to plan together.
Districts will receive a stipend to assist with the cost of subs.

This year's conference presenters are:
Dr. Janet Fedorenko: Curriculum Arts Integration Specialist
Dr. Michelle Weber: Arts Integration Educator

Fine Arts Integration Workshop

When

Tuesday, Dec. 10th, 9am-3pm

Where

350 Shady Lane Drive Norwalk, OH
